

Benefits and Professional Development Committee

End of academic year report

4 April 2012

Accomplishments

- The effort of the committee was focused on the drafting of a resolution in support for benefit equality at UT. The resolution was passed
- Good discussion of a variety of items of interest to faculty, including progress on the new health benefit program (include the partnership program), the Center for International Education, benefit for children and for people with disabilities. Details can be found in previous meeting report.

Carry-over items

- Continue to monitor the progress with the new healthy benefit, especially the support provided to faculty to help with partnership promise goals.
- Evaluate the report requested from Chancellors Arrington and Cheek regarding plans for progress on benefit equality.
