4.3 Evaluation

As is the case for tenured and tenure-track faculty, the performance of all non-tenure-track faculty members will be evaluated annually, with a written record of the evaluation maintained in departmental and human resources files. The criteria for evaluating non-tenure-track faculty for purposes of hiring and retention must be adopted by a vote in accordance with departmental bylaws and made available to all faculty.

The annual performance review for retention should be based on the best practices guidelines for evaluating instruction, which are outlined in the Manual for Faculty Evaluation (probationary faculty
section). In the case of non-retention, every effort should be made to notify the faculty member as soon as possible.

Research and clinical faculty, and faculty of practice, and Extension faculty are subject to annual performance reviews appropriate to the positions and as outlined in departmental and college bylaws.
