I. ESTABLISHMENT OF QUORUM
Quorum was established by J. Poore.

II. CALL TO ORDER
The meeting was called to order by J. Hall at 3:31 p.m.

III. ANNOUNCEMENTS
Chancellor’s Report (J. Cheek)

- The UT Board of Trustees held a retreat and discussed the current state of finances of the university, and current and future financial support from the State of Tennessee. J. DiPietro posed the following scenario: inflation stable at 3% per year, tuition increases restricted to 3% per year, and no increases in state monies, what would the university do? J. Cheek indicated that the most basic solution would be to increase enrollment. He emphasized that this is still a theoretical problem with a theoretical solution, but we may need to address the issue and implement changes soon.

- The university has seen major improvements in our 6-yr (+9%) and 4-yr (+6%) graduation rates. Grants and contracts have increased by $85M in five years. There have been significant increases in development funding, and in the credentials of incoming freshmen. As an institution, significant progress has been made. We will continue to work toward the goal of being a much better university.

Provost’s Report (S. Martin)

- J. Hall asked S. Martin to speak on the issue of how the Tennessee Promise program will affect UTK enrollment. S. Martin indicated that the new program has become an opportunity to review admissions and enrollment strategies and initiatives. This year, ~1,200 transfer students were admitted, and most are in the College of Arts and Sciences. Most transfer students were in-state residents (86%) and were from 2-year colleges, with a high percentage from Pellissippi State Community College (PSCC).

- S. Martin explained that the Tennessee Promise program is patterned after existing programs, Knox Achieves and Tennessee Achieves. For Tennessee Promise, beginning with 2015 high school graduates, students can receive two years of undergraduate education tuition-free at community colleges. The students are required to do service, and must have a mentor. S. Martin stated that it has been estimated that 4% of those eligible will take advantage of this opportunity. For students entering 4-year universities as freshmen, Hope Scholarship funding will be decreased for freshman and sophomore students ($3,500 per year), with more funding given for the junior and senior years ($4,500 per year). UTK plans
to market the 4-yr residential experience for students, and work on building a pipeline of well-qualified transfer students. Enrollment will be managed in a strategic fashion to determine what the number of junior transfer students should be. An agreement with the Tennessee Board of Regent schools will guarantee admission to UTK for a specific group of students; however, UTK is permitted to be selective in transfer admissions. The agreement will admit students with Associate's degrees and a 3.0 GPA, but their admittance to certain academic majors is not guaranteed.

- A new eight-semester degree plan is being developed with PSCC. In the past, “pathways” were created that facilitated transfer of students from junior colleges. The new plan will specify which PSCC courses match UTK requirements, and will indicate key milestones (e.g., a “C” or better grade must be attained in key classes). The courses will also fulfill the transfer pathways.
- S. Martin indicated that they are also working on improving the process and experience for transfer students. There will be “transfer counselors” for each of the three geographic regions in Tennessee. Student progress will be tracked with uTrack. They are also going to review the current process for establishing equivalency of courses transferred.
- The State of Tennessee is currently reviewing the “pathways” for junior transfers statewide, and faculty members have been included in the review process. It is hoped that the state will adopt a statewide articulation tool.
- Questions followed. M. Breining asked what the percentage of transfer students accepted was. S. Martin replied that she did not have that figure with her, but would get back to her. A question was raised as to whether junior transfers could compete with the credentials of incoming freshmen. S. Martin stated that in many cases, transfer students had overcome many difficulties to be able to transfer to UTK, they had demonstrated maturation with additional time, and had attained a 2-year degree. K. Wong asked whether we are planning to maintain the same numbers of transfer students in the future, and whether there would be new faculty lines to go along with increased student numbers mentioned by J. Cheek. S. Martin said that she is not advocating increasing transfer numbers. V. Mayfield asked what the high school GPA needed for Tennessee Promise was, and S. Martin answered 2.0.

**VI. UNFINISHED BUSINESS**

Senate Bylaws Change Regarding Student Government Association (SGA) President as Ex Officio Senate Member (D. Golden and J. Fowler)

The bylaws amendment to enable the SGA president, or their designee, to serve as a non-voting ex officio member of the Faculty Senate was presented at the previous Faculty Senate meeting (May 5, 2014). That presentation is considered a first reading due to the time requirement needed for consideration by the Senate. J. Hall called for a vote on the bylaws amendment and the amendment was approved.

Senate Bylaws Change Regarding the Title and Role of the Information Officer (R. Spirko)

R. Spirko presented the bylaws change, which is considered a first reading. He proposed that the title of the role be changed from Information Officer to Communication Officer. The duties of the position are given in the proposed bylaws change below.

   Article IV. Section 5. Information-Communication Officer. There shall be an Information-Communication Officer nominated by the Executive Council subject to approval of the Faculty Senate membership to serve a one-year term. The Information-Communication Officer shall manage disseminating information, and maintaining maintain Faculty Senate archives and be the editor of the Faculty Senate newsletter, oversee the Faculty Senate website, and foster two-way communication. The Communication Officer shall be an administrator (along with the President) of the Faculty Info and Faculty Senate listservs. The Communication Officer shall be responsible for assessing the effectiveness of Senate communications and keeping abreast of such developments in communication technology as might be useful for the Senate.

There will be a call for a vote on this proposed change at the next meeting of the Senate.
