

## Faculty Evaluation Manual Language Proposal Supporting UTK's QEP (Experience Learning)

From page 2 of the Faculty Evaluation Manual:

### Current Language:

“Faculty and administrators are encouraged to participate in the University’s Quality Enhancement Plan for International and Intercultural Awareness, now called Ready for the World. This initiative provides that discussion of the importance of international/intercultural expertise and experience should be incorporated into tenure, promotion, and annual review statements.”

### Proposed Language (underlined):

“Faculty and administrators are encouraged to participate in the University’s current Quality Enhancement Plan focusing on experiential learning now called Experience Learning. The primary goal of this plan is to enrich the campus culture by promoting and supporting meaningful experiential learning activities for students both inside and outside of the classroom. Faculty engagement with such activities, including international and intercultural experiences, is likely to have a positive impact on student success and therefore should be incorporated into tenure, promotion, and annual review statements.
