Dear Faculty Senate Chair and Secretary

I am attaching the latest approved minutes (April) from the Graduate Council. As you can see, there was a proposal taken up by the Academic Policy Committee regarding the policy for review the standing allowing a retake of a graduate course. I mentioned this at Executive Council last week. This is being reviewed.

Other important items that are pending is that the **Student Appeals Committee** has received 4 cases since May , which will receive their first review this week.

Dr Thompson addressed the group for the first time in her role. The minutes will be forwarded (after approval) , and they will include Dean Thompson's emphasis on Vol Vision 2020 and some specifics regarding it, as well as some other initiatives, including an overall review of Graduate Catalog

The Chair noted that our August meeting had a new venue—the Black Cultural Center, where there is seating allowing all reps to be facing each other ( versus the Panhellenic).The relationship of the GC to the Senate was also reviewed for new members.

At end of this short session, all committees met briefly and established their agendas.

Respectfully

Marian W. Roman, PhD, RN, PMHCNS-BC  
Chair, The Graduate Council , UTK Faculty Senate  
Associate Professor ,College of Nursing  
The University of Tennessee Knoxville
