

March 19, 2018 Faculty Senate Executive Council Meeting
Faculty Senate Shared Governance Fund Request
Submitted by Beauvais Lyons

The UT FOCUS Act (HB2115/SB2260) will significantly reduce the size of the UT Board of Trustees, and will remove faculty and student trustees. The UTK Faculty Senate Executive Council passed a resolution to retain faculty and student trustees. To advocate for this position, I made the following trips to Nashville to address the Legislature and to meet one-on-one with various representatives and senators. I am not requesting reimbursement of mileage for these trips. Below are the receipts that I am submitting for reimbursement through the Shared Governance Fund for a total of \$447.43.
