

# Download and Setup

TurningPoint Desktop can be downloaded at <https://www.turningtechnologies.com/downloads>. After it has been downloaded, the file will need to be unzipped or installed depending on the version that was downloaded.

This section covers the following topics:

- Registering with Turning Technologies**
- Downloading TurningPoint Desktop**

## Registering with Turning Technologies

---

Registering with Turning Technologies and creating an account allows you to tie together all software platforms and clickers. A Turning Technologies Account is required for use with Turning Technologies products.

- 1 Go to <https://www.turningtechnologies.com/>
- 2 Select **Student** or **Instructor** to register.
- 3 Select your **Industry** from the drop-down menu.
- 4 Follow the registration instructions provided to create a Turning Technologies account.

## Downloading TurningPoint Desktop

---

### Before You Begin

Please verify that your computer meets the **Technical Requirements** on page 1 before downloading TurningPoint Desktop.

- 1 Go to <https://www.turningtechnologies.com/downloads>.
- 2 Below the *TurningPoint* tab, select to **Download** your operating system version.

#### NOTE

The install version requires a complete installation onto the local computer and requires administrator rights to complete the installation.

The PC no-install version is downloaded as a zipped file that can be placed in any location, such as your desktop, a folder or flash drive. The file must be unzipped and you access the software by double-clicking the TurningPoint Desktop file in the folder.

- 3 Fill out required fields on the *Software Downloads Registration*.
- 4 Select **Submit**.
- 5 Select **Download**.
- 6 **Save** the file to a specified location.

# Device Setup

Participants interact with TurningPoint Desktop through response devices (clickers) that communicate through a receiver or the internet with web enabled devices (TurningPoint Mobile).

This section provides instructions for:

- Connecting Receivers and ResponseCards**
- Connecting to TurningPoint Mobile (if applicable)**

## Connecting Receivers and ResponseCards

By default the receiver and ResponseCards are set to Channel 41. If you are the only TurningPoint Desktop user within a 200ft radius on Channel 41, simply plug in the receiver and begin polling. If another user is on Channel 41, you must use a different channel to avoid interference. ResponseCards must be set to the same channel as the receiver.

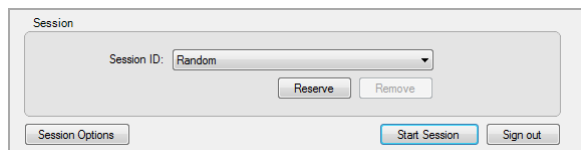

To change the channel please refer to <http://help.turningtechnologies.com/Hardware/#Hardware/Clickers/Clickers.htm>

## Connecting to TurningPoint Mobile (if applicable)

TurningPoint Mobile must be enabled for participants to use TurningPoint Mobile as a response device.

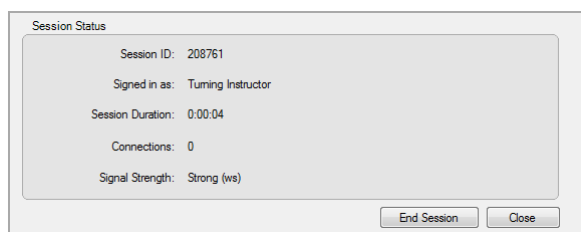

- 1 Open TurningPoint Desktop and sign in to your Turning Technologies Account.
- 2 Click **Click to Connect** in the upper right corner of the TurningPoint Desktop Dashboard.

The *TurningPoint Mobile Session* window opens.

- 3 Click **Start Session**.

The *TurningPoint Mobile Session Status* window opens.

- 4 Communicate the *TurningPoint Mobile Session ID* to your participants.
- 5 Click **Close** to return the TurningPoint Desktop Dashboard.
